

Jesús Ruiz

Web Developer and Graphic Designer

I am a Junior Full Stack Developer with 2 years of experience in PHP and Laravel, and basic knowledge of frontend technologies such as JavaScript, React, Astro and Next.JS. I have experience in deploying applications on various platforms, which allows me to manage projects comprehensively.

In addition, I have 6 years of experience as a Senior Graphic Designer, specialized in Visual Identity. This combination of skills allows me to contribute in all phases of the project: from the design of visual prototypes, through backend and frontend development, to deployment and maintenance.

🌐 I currently reside in Lima, Perú.

Technologies and Skills

Work Experience

Jesuiz Design – Freelancer 2023 – 2024

Graphic Designer & Web Developer

I execute digital solutions in Branding and Web Development internationally. Specifically Corporate Identity Design (Branding), Website Development, Ecommerce and Web Applications.

Clave Publicitaria – Printer's 2022 – 2023

Manager, Graphic Designer & Web Developer

I started as business manager and promoted the integration of new digital services complementing the Printing, Gigantography and Merchandising services.

Geotop – Surveying Company 2021 – 2021

Manager, Marketing Area

I designed all the company's audiovisual material for digital and physical environments. I developed a new Website with Wordpress and optimized all the company's other websites. I managed all the company's graphic design, as well as the edition and transmission of the monthly Webinars.

Techno Global – Printer's 2018 – 2021

Manager, Graphic Designer

I carried out designer activities related mainly to Advertising, Printing and Gigantography. After 6 months I led the advertising activities as Business Manager with 3 people in charge.
